General Business

Neil Brown – what comes first invigorate the club and then find new members or find new members to assist with invigorating the club. The thought after discussion is to find new members while invigorating the club. Whether the new members stay or go is not something to be worried about as sometimes a club or a person is not a good fit.

Glenys – the club is changing, and more members are staying for fellowship after meetings so encouraging new members should be an ongoing process.

Jan Payne – will the social nights continue?

Marco – these nights will continue until further notice in the current format and will remain at Rose's for the time being.
